

## Grassroots HREDC Welcomes Auditors

On May 24, 2006 Grassroots welcomed Ms. Francine Dosseh from the French Court of Accounts (Chambre Régionale Des Comptes D'Ile De France). Ms. Dosseh was here in Thailand to visit and audit various tsunami-related projects funded by French NGO's. One of the major supporters of Grassroots is CCFD (Comité Catholique contre la Faim et pour le Développement), which funds emergency assistance, job creation for migrant workers, and other projects (see Current Projects). Ms. Dosseh, accompanied by Patcharee Thongsripongse, an official from the Office of the Auditor General of Thailand, talked to Mr. Htoo Chit, Director of Grassroots and interviewed project managers, Ms. Ah Chan (Women's Health Program), Mr. Kyaw Lin Oo (Education Program), and Ms. Ei Ei Chow (School Health Program). On May 25th, the two auditors conducted site visits at a construction site, temporary shelter, nurseries, and learning centers. Both were satisfied with the operation of Grassroots.
